

INVESTING IN THE LIVES OF VETERANS

Seeking a PATRIOTIC BENEFACTOR/Investors at a negotiable % return.

Who really cares about Veterans in Need?

Our motto has always been to Veterans “Give a Hand Up - not a hand out”. Now the Veterans Fund of the United States needs the Hand Up to ensure we can provide greater support to greater numbers of Veterans in Need.

Why do we need Investments: We have two other **United Veterans Beacon Houses** under construction with funds over a million dollars expended. We have to do more as well as take advantage when exceptional facilities become available.

*In short we need to **Buy or Lease To Own** this building so that we can:*

- ➔ House 10 senior Veterans with handicaps till end of life on a continuing basis
- ➔ Transition 20 Homeless Veterans in a zero Drug and Alcohol successful program
- ➔ Employ 30 Veterans in need of employment and training at the Freedom Café
- ➔ Train 15 + Veterans to be Chefs, Cooks, Food Service workers at the Veterans Culinary Institute
- ➔ Construct permanent housing for those Veterans needing continuing care after Transitioning

Invest NOW as a single or cooperative source and secure the future of a high percentage of our residents, trainees and employees.

Help pay the debt we owe to OUR Veterans for OUR Freedoms
